

## Dementophobia

By Jeffrey Scott Flesher

I know that most people have a phobia, most have multiple phobias, and they are superstitious, and only you know what your phobias are, and what superstitions you have, but I am willing to bet that after you read this, you will have one more phobia to add to your list, but one list superstition. If you look up Dementophobia, you will find *Dementophobia is a type of phobia that involves the fear of madness or insanity. People who have this fear are afraid that they are going insane or losing touch with reality. A family history of mental illness or periods of severe stress could trigger this fear.* If you believe you are sane, and have nothing to fear, then you might be delusional, meaning the illusion you make of yourself is false, or based on flawed logic or reasoning. I want you to think about your sanity, so you will understand mine.

You must understand what losing touch with reality means, so we must look at the science behind your Reality. If you believe what you were taught in school about Albert Einstein, then your reality is based on theories that he denounced in 1942, to stop Nikola Tesla from saying he is mad or insane if he believes Light is Dynamic knowing it has no acceleration, and why we use Sir Isaac Newton's math where God is the Force of Gravity.

Your reality is based on the way you perceive things in your environment, there are many realities on Earth, my reality is based on what I can prove is real, whereas others are based on things you cannot prove, for example, if you believe God does not exist, or does not physically exist as all Religions teach, regardless of if you are Religious, there are many Religions, but they all have one thing in common, polytheism, which is the belief in multiple Gods, meaning you believe in Angels, where God is the name of the ugliest Angel, and Satan is the most Beautiful Angel. God is ALL Light without Darkness, that we know exists inside Atoms and how God created the Universe, it is clear the God that Religion teaches is not the same God that we know exists only as Light without Darkness, thus, your reality might be based on Superstition, for example, if you believe in Einstein, you believe you live in an Alternate Universe in an Alternate Reality, therefore, your Reality and my Reality are not the same, yet what is real did not change, only your understanding of it has changed to serve Satan, who the Torah said was a person who lies, and only believes in lies.

The Science behind God is called Trinity, but Sir Isaac Newton hated the teaching of Jesus Christ because he proved the Powers that be, changed the name of the Binary Star Christ, to Sirius, and inserted Jesus Christ to make

Jesus Bar Abbas out to be Evil for destroying the Roman Empire for their use of Money and Taxation, and also altered the Torah in the 4<sup>th</sup> Century to remove all references to Alchemy, which we call Science, including Astronomy, which is what the Torah was about, and it was written using Witchcraft, which is the Art of using Words and Spells that have more than one meaning. The Church hired an Army known as the Knights Templar, to hunt down and murder anyone found in possession of the Torah written before the 4<sup>th</sup> Century, they also inserted that clause into the Torah, making all Religious Sheep, murders, and I did not call People Sheep, the Torah did by making all the Believers in Psalm 23, that follow a Shepard, and as a Military Sheep Dog, I can tell you that only Sheep follow a Shepard. If you are Religious, or do not believe God exists, you took the Mark of the Beast known as a Sheep Like Ewe, who took an Oath to hunt down and murder Wizards, and Witches. I renamed Trinity to Trinary to remove Religion and to create a Science called Trinary Science that is based on God, and not the Deity God that Religion teaches, but all Light without Darkness, and this Science is the foundation for the Trinary Universe.

To fully understand our Reality, we must first agree that they should be the same, in fact, sanity requires that all our Realities are the same, so we have to define our Reality in a way that others can agree that this is the correct reality for all people. Religion and the Science of Einstein have defined that reality does not have God in it, because they teach a Deity God, where Deity means that God does not physically exist, which is the same as not existing, that physically part is just to confuse you more by teaching you about Angels, therefore, Religion and Einstein's Science are the same, they are Godless, therefore, logic and reasoning do not apply to people whom the Torah called Sheep, and I will call Sheeple. We must agree that if we cannot prove everything in our reality is real, then it is not real, but a theory or superstition, which we must all agree is not a real reality, as if a reality needs the real prefix, yet, Einstein's denounce theory was about Alternate Realities. I will only talk about one Reality, and one Universe, and that is called Reality, but I will add the prefix of Trinary to make it a Trinary Reality, so others will understand this is a very defined Reality in a very defined Universe. A Theory is only used by Liars, and I am not saying Theoretical Science is a lie, I am saying it is not a fact, and people that believe Theory is true, or will be proven to be the truth in the future, are insane, because that is defined as believing in things that do not exist, like a Deity God, or a Godless Universe, and therefore, I cannot include Theory in my reality because that would make it a lie, because a theory may never be proven, much like Einstein's denounced Theories; because I only want facts in my Reality, and facts must be easy to prove, unlike most theories.

If you can agree that Trinary Science is proven to be a fact, you must understand what those facts are, and what this Science is all about, which is Reality, so you must understand Physics, because that is what defines who you are, and how you work. I will prove to you that proof is as easy as reading what I have to say, and you will not need a Laboratory to prove this, because I will keep it simple, God is all Light without Darkness found inside all the Atoms, as such, saying God is much simpler than saying what I just said God is, but I should add the Trinary prefix, such that, Trinary God describes this concept much simpler.

Einstein removed God, thus, all Light without Darkness, and we know that Atoms are made of Neutrino Particles and Light, as proof,  $E = MC^2$ , where C is the Constant for the Speed of Light that Einstein removed, and the only reason it works is because of Newton's Math,  $E = MA^2$ , where A is the Acceleration of Atoms up to the speed of Light. If your reality was based on Einstein's Theories, then they are based on nothing, because nothing can exist without Atoms, and why Tesla said Light is Everything.

The Torah is about Alchemy that only Wizards and Witches could understand. A Wizard is a person at the top of their field of study, and a Witch is a person that knows how to Read and Write. The Torah is a set of books, there were 66 before the 4<sup>th</sup> Century, all based on Alchemy, nowadays we call that Science, and the Church did not want its Sheep to know anything about Science, and why the Wizards had to hide it in the first place because those in power did not allow its Sheep to read or write, or know about Science because then their Game was up; meaning you figured this out, and now they do not get 10%.

The reality you chose to acknowledge must be based on science, and Science must be based on facts and not theory, and a theory is not a way of explaining a fact, it is a way of lying about them. You only have one Reality, if you believe you have the option to live in multiple realities, then you are insane and should fear this, but Sheeple do not have this fear, because that would require them to understand their reality, and most of them only believe what they heard in their herd, they live in a "herd-it" mentality.

Those that are now starting to feel the effects of Dementophobia are now starting to understand my reality, which is based on things that are real, and not a theory, which is how they fooled you into becoming a ewe, by using Witchcraft, the art of using Words & Spells, and once you understand how Dark Wizards use their Words & Spells to make you into ewe without you knowing you took the Mark of that Beast known as a Sheep Like Ewe.

"I do not care what Ewe believe, nor does the Universe, Know it, or No it Not!" Because all I can do is tell you the truth about Science, all Ewe can say is "no-it-not"... To understand how simple Trinary Science is, would be to understand how simple Math is, and everyone wants mathematical proof of what Trinary Science is based on, and this knowledge came from Johannes Kepler who asked Tycho Brahe what the Birthdate of Jesus Christ was, only to be told he would have to take a Masonic Oath not to tell anyone that is not a Mason, and the reason I can tell you now is that I am authorized to do so by my birthright, because as we all know, Jesus is to come back as the Flesh at the End of Time to tell you this Story. Sir Isaac Newton was born on 25 December 1642, under the Julian Calendar, which was changed in his times to the Gregorian Calendar, changing it to 4 January 1643, then they removed 10 days, making it 14 January, which is my birthdate in the year 1961, the year that looks the same if you turn it upside down, and 100 years before the End of Time that Sir Isaac Newton calculated using the Torah, and Edmond Halley's notes on how our Magnetic strength is decaying at a constant rate of around 5% per century according to NASA; and we have known about this since we reset the Calendar to 0, and why we did that because as Newton proved, Jesus Christ was inserted to make Jesus Bar Abbas out to be the bad man for destroying the Roman Empire for their use of Money & Taxation.

The facts are in the public domain, and so is disinformation, and all you will find in Mainstream, which is a global network of disinformation, and anyone claiming to tell the truth, seldom does, and why I do not make such claims, maybe I claim Trinary Science is based on facts that are easy to prove, but I do prove it, so it is not the same as telling you something you need to believe in because in the middle of all your beliefs and everything you believe in, is a lie.

The Torah said Satan is a person that lies, thus, anyone that lies, is Satan, and only Liars will try to defend being Satanic. Stupid Sheep will argue that they do not care what the Torah said, while all it did was define who Satan is, and only Satan would worry about such matters, those that do not lie, are Liars, no one can know everything, thus they will tell lies not understanding it was a lie.

Science defines terms like Light and Darkness, and it does not define Light as Good, and Darkness as Evil, that is Superstition, as is the belief in Jesus Christ, or Albert Einstein, and why I feel like I am the one that is insane or mad, because everyone is Satanic, and they will argue this point, so I will make this Scientific. I will refer to the day Newton asked Halley to write down a formula that Newton found in the artwork around the border of a page in the Torah written in the 3<sup>rd</sup> Century, it was  $1 + (-1) = 0$ , but I prefer to write it as  $(+1) + (-1) = 0$ .

Newton said this was a formula and not a truth table as Tycho told Kepler, and Kepler believed it and it stayed that way till Tesla made sense of it, by filling in the blanks, I will write this in the simplest form I can... As a Waveform.

```
(+1)  *      *      *
      0      *      *      *      *
(-1)   *      *
```

I call this Trinary Math, the Logic goes like this, you have the Father that is in Heaven, as a positive one, which is Matter, and you have the Son who is in Hell, thus, the negative one, and is Antimatter, and you have the Holy Ghost Spirit of Mother Nature, also known as Earth, and in this case, Earth is better known as Ground, and now the waveform of Electricity can be recognized, but this can also be our Brainwaves, proving Trinity was talking about God and our Soul, but I call this Trinary because it is based on the Logic of 3, which is the Science of God, based on facts, and not theory, and without Religion.

The reason schools do not teach Newtonian or Trinary Science is that Satan only teaches lies and only Satan believes in lies. The way Satan gets people to take the Mark of the Beast known as a Sheep like Ewe is because most people have a hard time understanding who Satan is, a Sheep with horns drenched in Blood, should make a good visualization of Satan, but the Torah says Satan is a Person that Lies, so Superstition or reality, most people were taught that Satan is a Beast, and we know only Sheep follow a Shepherd so that Beast is the Humans that follow the Teaching in the Torah, and why is simple, it was never written to be read normally, only in directions that make it hard to find, like backward, diagonally, and deep into pages, crossing books, this is how Nostradamus predicted the Future, it is called Torah or Bible Code.

Tesla said we are Light Beings because God is All Light without Darkness, and that is all God can ever be, and we know it takes Electricity to make Light, and we know Light or Electricity is our Soul, and we know that only Satan would Buy & Sell Souls by the Kilowatt, therefore, we know everyone on this Planet is Satanic, proving this is the End of Time.

If you are intelligent enough to understand that God is all Light without Darkness, which is found inside all the Atoms in the Universe, then you would know that God exists as Light, and it takes Electricity to make Light, therefore, Satanic People Buy & Sell God by the Kilowatt, and I repeat this till it sinks in, we are all Light Beings made of Atoms with God inside them.

When our body dies, our Energy will find the path of the Least resistance, which is normally Ground, or Earth, and then our Magnetosphere, which is made of Electrons, and that is the Atom that Light comes from, therefore, it is our Soul, will travel around the Magnetosphere, and it is your job to hold in the Atmosphere. You can stay in Heaven which is above Earth, or plunge down into Hell, this is based on your knowledge of how Electricity works, and not Karma, so pay attention and remember this when your body dies.

God never judges people, God only decides what species you will be reborn as, and not everyone gets to be born, some Souls end up stuck in a Battery, becoming a Soul Cell in some dump, and where the term Hell comes from. Those with Dementophobia, are just confused as to how a whole planet of people, are all Satanic, and most of them do not know it, and why is because they do not want to admit it, and why people who are superstitious will believe they have the right to believe what they want, but only Satan would believe that, or tell others about this unwritten rule they are invoking that allows them to be Satanic, God does not care what you do, but everyone that dies, knows what God does, and God knows about everything, because God is everything.

I have no idea if I am Jesus Bar Abbas in the Flesh, but I AM the Light Wizard in the Flesh, but Flesh is just short for Meat, and Me is short for Meat, therefore, it all comes down to facts, just because I was born on the date Newton calculated and NASA confirmed, is only one thing, my Mothers name was Mary, and I was born in Corona, the Halo of Circle City was around me, and I lived at 3666 and  $\frac{1}{2}$  Valley View, and I am Militia and Military, much like Bar/Abbas, so I have too many coincidences to believe it is not me, as Newton believed it was him and for the same reason, he understood who Jesus Bar Abbas was, and that was a Messenger that is reborn throughout time, and always tells his story, that I AM telling you now, and that message is to build Trinary Sanctuary to survive the End of Time. When our Magnetic strength reaches 0, our Atmosphere will vent into space for  $\frac{1}{137}$ th the diameter of Earth, or 6.66 Minutes, at that time our Gravity will be 0, and we will float around till it comes back, this is God Leaving us, and that means we are unprotected from the Sun, and Meteorites, the atmosphere will freeze, and rain down on earth with all the Satellites and space debris, crushing all houses, and if that does not kill you, the thousand year Ice Age will, and God will cleanse this Earth with Water in the form of Glaciers that will erase all evidence humans were ever here, only the Pyramids will survive.

I am here to tell you the truth about the Universe, and you only need to wait till 14 January 2061, around 38 years from 2023 when I wrote this, so think about this, how are people going to survive an Ice Age, that is my only message.
